

Children's University

Parent/Carer News, Summer 2022

We hope that your child has enjoyed taking part in Children's University this year. Whether they have collected lots of stamps or are just beginning, we hope that they will be able to continue stamping their online and paper passports throughout the Summer break. Please find below some activity ideas that we hope will keep you going.

Activities to do at home and online

On the Children's University website we have lots of activities that children can do at home and online, please visit:

www.tinyurl.com/bddk35k3 or point your phone camera at this QR code to go there. You'll find lots of Challenge Sheets and tonnes of activities in a wide range of subjects as well as downloadable worksheets for some popular zoos, museums, and more.

Have you been somewhere new?

Have you done a new and exciting activity? Have you visited somewhere that hasn't already been validated as part of Children's University? No worries, just download a reflection sheet! You can find the sheet here: www.tinyurl.com/5ex2tspn or point your phone camera at this QR code to go there. Whilst school is closed you can send completed sheets to eef@childrensuniversity.co.uk or to your local CU Manager.

Find activities in your local area by searching:
www.childrensuniversity.co.uk/activity-search/
Follow us on Facebook for updates and new challenges:
