

The staff and children continue to enjoy all the play opportunities and experiences OPAL has to offer at Pendragon.

Another fun half term living the OPAL life!

The school council have been busy talking to their classes about OPAL and some of them have created a fabulous suggestion and feedback box which will be available for children to access after half term.

The children have already suggested a number of resources they would like, please see wish list number 2!

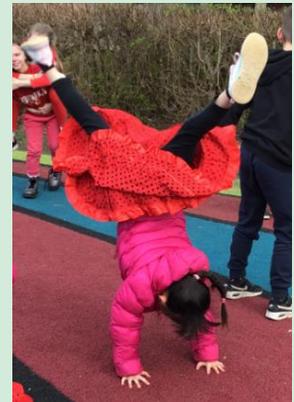

# More fun den building in the trees and with crates

As you know OPAL involves playing out in most weathers. If you have any spare wellington boots or waterproof trousers and jackets that you no longer require, we welcome all donations. There will be an OPAL unit in the foyer after half term for these. Thank you in advance.

Thank you to Mr Taylor and his helpers for laying the final base for one of our three, soon to be built summer houses. Thank you to FRIENDS for funding these and contributing towards our much needed storage shed.
