

Family Disco TONIGHT

Don't forget to bring along your tickets tonight. If you are able to help at any time during the disco, please let us know when you arrive.

Year 6

Year 6 have sat in silence all week in classrooms covered in material and paper (no numbers or words are allowed to be visible) while their Statutory assessments have taken place. These have now been dispatched to the markers and results will be available at the beginning of July. Well done to all the children in the school – their silence around the Year 6 areas was golden!

Competition for Years 2-5

*Amazon Prime Air and the Civil Aviation Authority are inviting primary school students in **Years Two to Five** across the UK to draw a delivery drone, and to use their imagination to create a brief story explaining what their drone would deliver and why. The delivery drone should serve a purpose such as first-response medical aid, sending flowers to a loved one who is unwell, or delivering toys to children in need. Students need to fill out an entry form explaining what kind of materials the drone would be made from. This can include everyday materials such as wood, metal, plastic, paper and cardboard. **Please read the details on the parent consent form attached to the newsletter with the entry form.** Competition closes 2nd June good luck!*
