

Maths open lesson

Following requests from parents we will be offering 2 open maths lessons sessions. Foundation stage and Keystage 1 will be Friday 19th January. The open lesson for Keystage 2 will be Friday 26th January. Both lessons will start at 9.05am. Please come into school via the main entrance and sign in as soon as you have dropped off the children. You will then be taken down to the classrooms. At 9.45 am you will all be invited to return to the hall for an opportunity to answer any questions. Please be aware that you can only attend one lesson during the morning.

Playground equipment

The trim trail on the playground should not be used before or after school. During the day, we use a red flag to remind the children when it is not safe to use, normally because it is slippery. Having watched 2 small children fall off the equipment yesterday after school, I thought it was worth reminding you.

Reports

All children in school have been discussing their progress and next steps in learning with their teachers. Today, all the children are bringing home a progress report. We hope you will find time to talk with your child about it. Ocelots' reports will be sent home next week.

Disabled parking space

Please can you be aware that the disabled parking space has been blocked- not by cars parking in the space but by cars parking alongside the bicycle shelter which means that the space could not be used. If you do have a need to park in the school car park, please use the visitors' spaces in the turning circle.

Next 2 weeks' events

Monday 15 th January	Meeting for teachers at SVC so all staff will be leaving promptly
Tuesday 16 th January	Friends' committee meeting at school at 7.30pm
Wednesday 17 th January	Girls football starts
